MUTAXASSISLIK TANLOV FAN

ESP (ENGLISH FOR SPECIFIC PURPOSES)

FANINING O'QUV DASTURI

Bilim sohasi:	100000 – Ta'lim
Ta'lim sohasi:	110 000 – Ta'lim
Ta'lim yo'nalishi:	60111800 – Xorijiy til va adabiyoti: ingliz tili

Fan/modul kodi		O'quv yili	Semestr	ECTS - Kreditlar	
MTF2706 MT2804		2024-2025	7-8	7	
Fan/modul turi		Ta'lim tili		Haftadagi dars soatlari	
Tanlov		Ingliz		4	
Fan nomi		Auditoriya mashg'ulotlari (soat)		Mustaqil ta'lim (soat)	Umumiy (soat)
ESP (English for Specific Purposes)		90		120	210

2. **I. Fanning mazmuni**
 Mazkur ESP fani ingliz tilini o'qitish (ELT) mutaxassislari uchun mo'ljallangan bo'lib, talabalarni ingliz tilini maxsus professional kontekstlarda o'qitish uchun zarur bo'lgan til ko'nikmalari bilan shakllantirishga qaratilgan. Fan moduli beshita asosiy sohalarini qamrab olgan - Tibbiyot, Axborot texnologiyalari (IT), Moliya, Logistika va San'at & Dizayn. Umumiy kurs - texnik so'z boyligi, sohaga xos kommunikatsiya strategiyalari va amaliy qo'llanilishi birlashtirilgan kompleks o'quv dasturini tashkil etadi.

Kurs davomida talabalar amaliy va o'quv tajribasini ta'minlash uchun integratsiyalashgan loyihalar, soha mutaxassislarining mehmon ma'ruzalari va turli xil baholash usullari bilan shug'ullanadilar. Ushbu kurs ELT (English Language Teaching) mutaxassislarini turli xil ixtisoslashgan sohalarida ingliz tilini ishonch bilan o'rgatishga tayyorlaydi, ularning ko'p qirrali pedagog sifatida dunyogarashini va umumiy kasb istiqbollari oshiradi.

II. Amaliy (seminar yoki laboratoriya) mashg'ulotlari bo'yicha ko'rsatma va tavsiyalar

Amaliy mashg'ulotlar uchun quyidagi mavzular tavsiya etiladi:

Medical:

1. Hospital departments; Hospital staff;
2. Hospital equipment; Parts of the body 1;
3. Parts of the body 2; Parts of the body 3;
4. Respiratory system; Circulatory system;
5. Revise and Check;
6. Digestive system; First aid;
7. Common abbreviations; Measurements;
8. Administering medication; Describing frequency;
9. Maintaining hygiene; Revise and Check.

Information Technology (IT):

1. Computer Memory; Programming Languages;
2. ISPs and Internet Access; Storage Devices;
3. Peripherals; MP3 Players;
4. Cell Phones; Communications;
5. Revise and Check;
6. Entertainment and Social Networking; GPS Systems;
7. Banking; Education and Research;
8. Robotics; Electronic Publishing;
9. Artificial Intelligence & Revise and Check.

Art & Design:

1. Education 1; Education 2;
2. Business Types; Motion Design;
3. Editorial Design; Corporate Design;
4. Music Industry Design; Video Game Design;
5. Revise and Check;
6. Information Design; Publishing Design;
7. Advertising Design; Environmental Design;
8. Interior Design; Fashion Design;
9. Interactive Design & Revise and Check.

Logistics:

1. Logistics; Logistics Jobs 1;
2. Logistics Jobs 2; Employment Opportunities;
3. Basic Math; Measurements;
4. Safety Issues; Customer Service;
5. Revise and Check;
6. Supply Chain; Supplier Planning;
7. Types of Inventory; Inventory Costs;
8. Third-Party Logistics; Inbound Logistics;
9. Outbound Logistics; Revise and Check.

Finance:

1. Types of investments; Investment styles;
2. Personal investments and retirement; The stock market;
3. Changes in the stock market; The front office;
4. The middle office; The back office;
5. Revise and Check;
6. Regulation; Bank manager;
7. Accountant; Tax consultant;
8. Financial advisor; Stock broker;
9. Trader; Revise and Check.

IV. Mustaqil ta'lim va mustaqil ishlar

Medical

1. **Hospital Departments & Staff Poster**
 - Create a poster illustrating various hospital departments and the roles of different hospital staff members.
2. **Hospital Equipment Brochure**
 - Design a brochure describing common hospital equipment, including images and brief explanations of their uses.
3. **Parts of the Body Diagram**
 - Draw and label diagrams of different parts of the body, focusing on one body part per diagram (e.g., the skeletal system, muscular system).
4. **Respiratory System Infographic**
 - Develop an infographic explaining the respiratory system, including key organs and their functions.
5. **Circulatory System Model**
 - Create a 3D model of the circulatory system using household materials, and label the major parts.
6. **Digestive System Presentation**
 - Prepare a presentation on the digestive system, describing each stage of the digestion process.
7. **First Aid Instructional Video**
 - Create a short instructional video demonstrating basic first aid techniques for common injuries.
8. **Medical Abbreviations Flashcards**
 - Make a set of flashcards for common medical abbreviations and their meanings to help with memorization.

Information Technology (IT)

1. **Memory Types Comparison Chart**
 - Create a comparison chart detailing different types of computer memory (e.g., RAM, ROM), their uses, and characteristics.
2. **Programming Languages Summary**
 - Write a summary of various programming languages, including their primary uses and features.
3. **Internet Access Presentation**
 - Develop a presentation on ISPs and internet access, explaining how they work and different types of connections.
4. **Storage Devices Infographic**
 - Design an infographic comparing different storage devices (e.g., HDD, SSD), including their capacities and use cases.
5. **Peripheral Devices Brochure**
 - Create a brochure explaining the functions of common

peripheral devices (e.g., printers, scanners, keyboards).

6. **MP3 Player Review**
 - Write a review of an old, popular MP3 player, highlighting its features, pros, and cons.
7. **Cell Phones Evolution Timeline**
 - Develop a timeline showing the evolution of cell phones, from early models to modern smartphones.
8. **Communications Systems Report**
 - Write a report on different communication systems (e.g., VoIP, video conferencing), including their advantages and disadvantages.

Art & Design

1. **Education Pathways Poster**
 - Design a poster outlining different education pathways for careers in art and design, including degree programs and certifications.
2. **Motion Design Animation**
 - Create a simple animation project using motion design principles, such as a moving logo or a short clip.
3. **Editorial Design Layout**
 - Design a magazine cover or a two-page spread, incorporating principles of editorial design.
4. **Corporate Design Branding**
 - Develop a branding package for a fictional company, including a logo, business card, and letterhead.
5. **Music Industry Design Project**
 - Design an album cover for your favourite music band, focusing on creative and eye-catching visuals.
6. **Video Game Design Concept Art**
 - Create concept art for a video game, including character designs and environment sketches.
7. **Information Design Poster**
 - Develop an informative poster on a chosen topic, utilizing information design techniques to convey the information clearly.
8. **Publishing Design Layout**
 - Create a book cover design for a novel, considering typography, imagery, and layout.

Logistics

1. **Logistics Roles Infographic**
 - Design an infographic illustrating different logistics roles and

their responsibilities.

2. **Logistics Career Pathways Chart**

- Create a chart outlining various career pathways in logistics, including necessary skills and education.

3. **Basic Math in Logistics Workbook**

- Develop a workbook with basic math problems related to logistics, such as calculating shipment volumes or costs.

4. **Safety in Logistics Poster**

- Create a poster highlighting key safety issues in logistics and how to address them.

5. **Customer Service Role-play**

- Conduct a role-play exercise simulating a customer service interaction in logistics, focusing on resolving common issues.

6. **Supply Chain Diagram**

- Draw a diagram of a supply chain for a common product, detailing each step from raw materials to the end consumer.

7. **Inventory Management Spreadsheet**

- Create a simple inventory management spreadsheet to track stock levels and reordering needs.

8. **Inbound vs. Outbound Logistics Report**

- Write a report comparing inbound and outbound logistics processes, including their challenges and solutions.

Finance

1. **Investment Types Presentation**

- Create a presentation on different types of investments (e.g., stocks, bonds, mutual funds), explaining their characteristics and risks.

2. **Personal Investment Plan**

- Develop a simple personal investment plan for a fictional character, including goals, investment choices, and risk management.

3. **Stock Market Simulation**

- Participate in a stock market simulation game, tracking a set of stocks over time and analyzing their performance.

4. **Financial Office Roles Infographic**

- Design an infographic describing the roles of different departments in a financial office (front office, middle office, back office).

5. **Tax Calculation Exercise**

- Complete a basic tax calculation exercise for a fictional character, including income, deductions, and tax owed.

6. **Financial Advisor Role-play**

- Conduct a role-play where one student acts as a financial

advisor and another as a client seeking advice on saving for retirement.

7. **Bank Manager Case Study**

- Analyze a case study about a bank manager's decisions and their impact on the bank's performance.

8. **Financial News Summary**

- Summarize a recent financial news article and discuss its implications for investors or the economy.

3. **V. Fan o'qitilishining natijalari (shakllanadigan kompetensiyalar)**

Fanni o'zlashtirish natijasida talaba:

Integratsiyalashgan til ko'nikmalari:

- Moslashuvchanlik va moslashuvchanlikni namoyish qilib, turli xil professional kontekstlarda til ko'nikmalarini sintez qilish va qo'llash;
- Turli sohalarida ixtisoslashgan tillardan foydalanishni talab qiluvchi fanlararo loyihalarda ishtirok eta olish;
- Muayyan professional sharoitlarga moslashtirilgan ingliz tilida ilg'or malakani namoyish etish, turli muhitlarda ishga joylashish va o'qitish samaradorligini oshirish

Professional rivojlanish:

- Talabalar muayyan soha doirasida mutaxassislarni o'qitish uchun zarur til ko'nikmalari va o'qitish strategiyalarini shakllantirish;
- ESP sohasidagi ilg'or o'qitish metodologiyalarini qo'llash va ularni turli kasbiy sohalarida o'quvchilarning ehtiyojlarini qondirish uchun moslash.
- Umumiy o'qitish malakasini oshirish.

4. **VI. Ta'lim texnologiyalari va metodlari:**

- an'anaviy va interfaol;
- mehmon spikerlarni taklif qilish;
- amaliy mashg'ulotlar (mantiqiy firklarash, tezkor-savol javoblar);
- bir-biridan so'rash va o'rgatish;
- taqdimotlarni qilish;
- individual loyihalar;

- guruh bo'lib ishlash;
- aqliy hujum;
- jamoa bo'lib ishlash va himoya qilish uchun loyihalar.

5. VII. Kreditni olish uchun talablar:

O'rganilayotgan xorijiy tili til o'rganishning ikkita ko'nikmasi: tinglab tushunish va so'zlashuv amaliyoti bo'yicha baravar rivojlantirish, Yevropa Kengashining "Chet tilini egallash umumiyevropa kompetensiyalari: o'rganish, o'qitish va baholash" to'g'risidagi umumetirof etilgan xalqaro me'yorlari (CEFR) bo'yicha chet tilini bosqichma-bosqich B2 darajagacha egallash, chet tilida erkin muloqotga kirishish, joriy, oraliq va yakuniy nazoratlar uchun berilgan vazifa va topshiriqlarni plagiatga yo'l qo'ymasdan bajarish hamda o'z vaqtida topshirish.

6. Adabiyotlar:

1. Evans, V., Dooley, J., & Wright, L. (2011). Career Paths: Medical. Express Publishing.
2. Evans, V., Dooley, J., & O'Sullivan, N. (2012). Career Paths: Information Technology. Express Publishing.
3. Evans, V., Dooley, J., & Williams, K. (2013). Career Paths: Logistics. Express Publishing.
4. Evans, V., Dooley, J., & Williams, K. (2012). Career Paths: Finance. Express Publishing.
5. Evans, V., Dooley, J., & Farmer, L. (2014). Career Paths: Art & Design. Express Publishing.
