1.	Young learners as language detectives. Supportive assessment activities	What are the main differences between the Grammar-Translation Method and the Communicative Approach in English teaching?	How can teachers effectively integrate technology into an English language lesson?	What are the advantages and disadvantages of using task-based learning in the English classroom?	How do various teaching methods influence student engagement and language acquisition?	In what ways does the Direct Method differ from the Audio-Lingual Method in teaching English?
2.		How can multimedia tools enhance vocabulary	What are the key components of an effective lesson	How does the TPR (Total Physical Response) method facilitate language	What role does assessment play in shaping teaching methodologies in	How can teachers implement formative assessment

		retention and overall language learning?	plan for an English class?	learning for beginners?	the English classroom?	strategies to monitor student progress in English?
3.	Self-assessment works Internal English and English for play	What are some effective classroom control strategies when managing disruptive behavior in an English class?	How does Suggestopedia differ from traditional methods of teaching English, and what are its core principles?	What strategies can support students with learning difficulties in an English classroom?	How can collaborative learning methods improve students' speaking and listening skills in English?	What is the impact of student-centered teaching on language acquisition in English classes?
4.		How do the approaches of constructivism and behaviorism apply to teaching English?	How can teachers balance classroom control with encouraging creativity and participation?	In what ways does a well-structured lesson plan contribute to improved language learning outcomes?	How can technology be used to assess language proficiency in real time?	What methods can teachers use to differentiate instruction in a mixed-ability English classroom?
5.	Teach long words English through other subjects	How does project-based learning support the development of English language skills?	What are the benefits and challenges of using a flipped classroom model for English instruction?	How can teachers incorporate real-life situations into English lessons to enhance relevance and engagement?	What techniques can foster a positive and inclusive learning environment in an English classroom?	How can digital storytelling be utilized to boost language learning and creativity?
6.		What are some strategies for maintaining discipline and managing	How can peer assessment be implemented effectively in	What are the fundamental principles of Suggestopedia, and how can they	How can speaking and listening skills be accurately assessed in an	What are the benefits of using interactive whiteboards and other digital tools

		challenging behavior in the English classroom?	English language learning?	be applied in modern teaching?	English classroom?	in teaching English?
7.		How can gamification be integrated into English lessons to increase student motivation and participation?	What are the differences between formative and summative assessments in the context of English language learning?	How can role-play activities be used to improve conversational skills in an English classroom?	What strategies are most effective for teaching English to students who exhibit challenging behaviors?	How does cultural context influence the selection of teaching methods in an English classroom?
8.		What characteristics define a good teacher in the field of English language education?	How can a teacher's attitude and behavior impact student learning and classroom dynamics in an English class?	What methods can be used to measure the effectiveness of different teaching approaches in English?	How can technology create personalized learning experiences for English language learners?	What techniques can encourage reluctant speakers to actively participate in class discussions?
9.	English in the world around us. Using technology	How can lesson planning be adapted for online or hybrid English classrooms?	What role does student feedback play in refining teaching methodologies in an English classroom?	How can assessment data be used to inform and adjust instructional strategies in English classes?	What are the key differences between traditional and modern approaches to classroom management in English teaching?	How can social media platforms be integrated into English lessons to provide additional practice opportunities?
10.		What are the benefits and drawbacks of using standardized	How do various teaching methods support the development of	In what ways can ongoing professional development	What are the key differences between traditional and modern	How can the communicative approach enhance language

		tests for assessing English language proficiency?	critical thinking skills among English learners?	improve an English teacher's methodological practices and classroom effectiveness?	teaching methods in the English classroom?	acquisition in English lessons?
11.	Make-believe Perform it	What innovative methods can be used to teach vocabulary more effectively?	In what ways can technology be integrated into lesson plans to improve English learning outcomes?	What role do formative assessments play in monitoring student progress in English?	How does task-based learning differ from content-based instruction in an English classroom?	What are the advantages and limitations of using the TPR (Total Physical Response) method for teaching English?
12.		How does suggestopedia differ from more traditional language teaching methods?	What classroom management strategies can help maintain effective control in large English classes?	How can teachers assess the four language skills—listening, speaking, reading, and writing—in an English classroom?	What components should be included in a well-structured lesson plan for English instruction?	How can multimedia resources, such as interactive whiteboards and language apps, increase student engagement in English lessons?
13.	Use metaphor Keep developing your own English	What are the benefits of using a student-centered approach over a teacher-centered approach in English language teaching?	How can educators balance the use of digital technology with traditional teaching methods in English classrooms?	In what ways does the TPR method support kinesthetic learners in acquiring a new language?	What effective classroom control techniques can be used to minimize disruptions in an English class?	How can cooperative learning and pair work contribute to better language practice in English lessons?

14.		What role does timely teacher feedback play in enhancing English language skills?	How can differentiated lesson planning accommodate diverse learning needs in an English classroom?	What characteristics distinguish a good teacher from a less effective one in the context of teaching English?	How can suggestopedia be adapted to suit contemporary English language classrooms?	What challenges might arise when implementing TPR with advanced-level English learners?
15.	Learning a new cultural context Breaking the ice: warm-up activities for the first week of term	How do classroom management approaches differ between traditional and modern English teaching environments?	What impact does a student-centered approach have on English language learning and classroom dynamics?	How can interactive digital tools be used to create engaging and interactive English lessons?	What are the benefits of incorporating group work and collaborative projects in the communicative approach?	How can teachers design assessment tools that effectively measure all language skills in English?
16.		What strategies can be employed to motivate and support students who exhibit disruptive behavior?	How can real-life contexts be incorporated into English lesson plans to enhance relevance and engagement?	What are the main differences between formative and summative assessments in an English classroom?	How can role-play and simulation activities be used to develop conversational skills in English?	What techniques are effective for providing constructive corrective feedback during English lessons?
17.	Thinking about language: individual learning styles and group strategies	What are the core principles of suggestopedia, and how can they be implemented in modern classrooms?	How can classroom control strategies be tailored to suit different age groups learning English?	What are some potential drawbacks of relying too heavily on technology in English teaching?	How can teachers create lesson plans that effectively integrate TPR activities with traditional instruction?	What assessment methods can be used to track long-term language development in English learners?

18.	Thinking about groups: group strengths, individual contributions.	How does the task-based approach compare to the project-based approach in the context of English language learning?	What elements make an English lesson plan effective in promoting active student participation?	How can educators identify and support students who struggle with behavioral issues in the English classroom?	In what ways does the physical classroom environment influence the success of suggestopedia techniques?	How can digital platforms be used to streamline the assessment and feedback process in English teaching?
19.	Maintaining fluidity: reseating and mêlée games Getting to know each other: humanistic exercises and personalized grammar	What adaptations are necessary for lesson planning in online or hybrid English classrooms?	How does the TPR method contribute to improved retention and recall of new language material?	What classroom management strategies can be implemented to reduce off-task behavior in English classes?	How can teachers balance maintaining discipline with fostering a creative, open learning environment in English lessons?	What role can peer assessment play in evaluating English language skills?
20.		How can lesson plans be designed to be inclusive and accommodate all types of English learners?	What are the long-term impacts of adopting a student-centered, technology-enhanced approach on English language proficiency?	How do the structural and functional approaches differ in their methodology for teaching English?	In what ways can the natural approach benefit beginner English learners?	How does the lexical approach prioritize vocabulary acquisition over grammar?
21.	I did it your way: empathy activities	What are the main tenets of the communicative approach, and how can they be	How can teachers combine elements of the grammar-translation method with	What role does the direct method play in enhancing student speaking skills in English?	How does the audiolingual approach utilize repetition and	How can task-based learning be tailored to suit various proficiency levels

	A sense of belonging: whole group identity activities	implemented effectively in the classroom?	communicative techniques?		drills to promote language learning?	in an English class?
22.		What are the strengths and weaknesses of the immersion method in teaching English as a second language?	How does content-based instruction integrate language and subject matter learning in English?	In what ways can the cooperative learning approach be applied to English language lessons?	How can project-based learning enhance both language skills and critical thinking in an English classroom?	What are the advantages of using the experiential learning approach in English instruction?
23.	Establishing trust: trust- and confidence-building activities	How does problem-based learning encourage deeper understanding in language studies?	How can inquiry-based learning be incorporated into English language teaching?	What strategies can be employed to integrate a hybrid model combining traditional and modern approaches?	How does the immersion approach address cultural aspects in language learning?	In what ways does the dialogic approach foster interaction and communication among English learners?
24.	Staying positive: encouraging positive feelings	How can teachers balance error correction with maintaining communicative flow in the classroom?	What methods can be used to assess the effectiveness of different teaching approaches in English?	How do student preferences influence the choice of teaching methods in the English classroom?	How can teachers use reflective practices to evaluate and adapt their teaching approaches?	What challenges might arise when switching from teacher-centered to learner-centered methods?
25.	Group achievements: product-oriented activities	How does the use of authentic materials support a communicative language teaching approach?	In what ways can storytelling be integrated into various teaching approaches for English?	How does a strategic approach to language learning empower students to take	How can teachers effectively blend visual, auditory, and kinesthetic methods in English instruction?	What impact does cultural context have on selecting appropriate language teaching methodologies?

	Bringing it together: pyramid discussions, feedback techniques and summaries			control of their education?		
26.		How does the socio- constructivist approach influence collaborative language learning activities?	What role do student interactions play in the success of the communicative approach?	How can interactive whiteboards be used to enhance lesson delivery in the English classroom?	What are the benefits of using online learning platforms for English language instruction?	How can teachers incorporate mobile apps to support vocabulary building in English?
27.	Inter-class activities and competitions Setting, assessing, and resetting goals	In what ways can virtual reality tools create immersive language learning experiences for English students?	How do digital storytelling tools contribute to improved narrative skills in English learners?	What strategies can teachers use to integrate social media for authentic language practice?	How can gamification techniques be applied to make grammar lessons more engaging?	What role do video conferencing tools play in facilitating global communication among English learners?
28.		How can teachers use podcasts as a resource for developing listening skills?	In what ways can online quizzes and interactive assessments benefit the evaluation process in English lessons?	How can cloud- based collaboration tools enhance group work and peer learning in the English classroom?	What challenges might arise when integrating new technology into traditional English teaching methods?	How does the use of multimedia presentations affect student engagement in English lessons?
29.	Individual wants and frustrations; group solutions Coping with crisis: some group problems	How can teachers effectively balance screen time with traditional teaching methods?	What are best practices for selecting appropriate digital tools to support English language	How can educational software be leveraged to track student progress in English?	In what ways can virtual libraries and e-books supplement traditional English literature curricula?	How does incorporating augmented reality into lessons enhance the understanding of

			learning objectives?			English vocabulary?
